BACKGROUND AND GENERAL INFORMATION

Introduction

The Workforce Development Board of Central Florida (Board) d/b/a Workforce Central Florida (WCF) is a private not-for-profit corporation registered under Section 501(c)(3) of U.S. Internal Revenue Code and serves Region 12 - a five-county area that includes Osceola, Orange, Seminole, Lake and Sumter Counties. A Board of Directors comprised of volunteers, who represent private sector business, economic development, education, organized labor, community-based organizations, veterans, and state and local government agencies from all five counties in the region, governs WCF. Joint oversight is provided through an agreement with WCF Board of Directors and County Commissioners from each of the five counties in Region 12, which make up the region's Workforce Consortium. The Consortium oversees WCF. Additional information regarding Workforce Central Florida and its members is located on WCF's website at www.workforcecentralflorida.com.

WCF has been chartered by the State of Florida to create a local workforce development system, and to provide strategic planning and oversight of local Workforce Investment Act (WIA) initiatives including: Youth Committee activities, high skills/high wage jobs, career centers, the local Welfare Transition Program (WTP) and Wagner-Peyser labor exchange programs. WCF receives federal pass-through funds from the State of Florida and the United States Department of Labor. WCF is a grant recipient and administrative entity for the Workforce Investment Act Of 1998 (WIA), Welfare Transition and other funds, and WCF operates under a Memorandum of Understanding with the local elected officials and the State.

Vision and Purpose

WCF is dedicated to putting Central Florida residents to work, and finding and developing talent to help Central Florida businesses stay competitive. To specifically address youth issues and fund youth programs in the five county region, WCF has a designated Youth Committee comprised of individuals representing education, business and youth programs who convene to effectively coordinate resources and efforts to assist youth in reaching their full potential for successful employment and responsible citizenship.

WCF is soliciting local, innovative youth workforce development programs that best meet the needs of youth and the provisions of the federal Workforce Investment Act (WIA) and subsequent state Workforce Innovation Act (WIA 2000). The federal Workforce Investment Act of 1998 (WIA, Public Law 105-220– August 7, 1998) provides the framework for a national workforce preparation system that is flexible, responsive, employer-focused and locally managed. The Youth Committee is especially interested in partnering with existing, quality programs that will use requested funds to add or enhance workforce development activities for youth ages 16-21.

RFP Objectives

As part of the workforce development system, WCF seeks to engage organizations to operate WIA youth programs that will serve up to 700 in-school and out-of-school youth in a year-round training and employment program for low-income, WIA eligible youth, ages 16-21. All youth must reside in Region 12 which includes the counties of Osceola, Orange, Seminole, Lake and Sumter. The purpose of this solicitation is to obtain additional service provider(s) for a comprehensive youth program for the 2013-2014/2014-2015 program years.

Respondents may submit proposals to address one or more of the following:

- programs serving in-school youth;
- programs serving out-of-school youth;
- programs serving specialized populations – teen parents, juvenile justice-involved youth, or foster care youth.

If the proposal is intended to serve multiple groups, a clear distinction of program goals and strategies must be discussed in separate Statements of Work. Proposers may identify one or more counties to serve.

WCF may elect to fund one proposal or multiple proposals that serves both groups or one or the target groups. Funds for this program will be allocated from WIA. Estimated funds available under this RFP total approximately \$3.2 million. A minimum of 30% of the total amount of funds will be allocated to services for out-of-school youth. Resulting awarded contracts will be for one year (October 1, 2013 through October 1, 2014) with the option of extending the contract for two (2) additional years based on performance and at WCF's discretion.

WCF is interested in activities that produce quality results, positive state/federal performance attainments, and have a measurable impact on the youth. Proposals for innovative activities or programs, consistent with WIA rules and regulations, are encouraged. Reference information about WIA is available on the internet at www.doleta.gov, www.usworkforce.org and www.floridajobs.org. Refer to **ATTACHMENT A FOR WIA COMMON MEASURES.**

WCF will not fund programs that duplicate existing services, unless it can be documented that existing services are inadequate to meet the needs of the population being served, or that WCF funds will enhance (i.e. allow more youth to participate) those services.

Eligible Providers

Governmental, community-based, private/public organizations, for-profit /non-profits that operate youth development programs may apply. Proposers must demonstrate that WCF funding comprises less than 50% of their total budget dedicated to youth service programs. Proposers must have a minimum of two years of documented experience in the provision of youth services. The Proposer selected through this solicitation must be insured (liability) for not less than \$1 million.

WCF will consider proposals that include subcontracts with other entities. Proposers must describe how those subcontracted services will be incorporated into the overall design of the program. Proposers must also include how they will procure and manage those services.

An organization, its named partners or subcontractors, will not be considered if:

- the entity has been debarred by an action of any government agency; or
- the entity has a previous contract with any governmental entity in Florida terminated for cause; or
- the entity has not complied with an official order of any agency of the State of Florida or the United States Department of Labor to repay disallowed costs incurred during their conduct of projects or services; or
- For any other good and just cause determined at the sole discretion of WCF.

Youth Program Design Features

All services and activities proposed must meet the specifications contained in this RFP and the WIA rules and regulations, and be age appropriate for the population being served. WCF is looking for year-round program(s) of activities and services for in-school and out-of-school, WIA eligible youth between the ages of 16 and 21 to be operated in one or more counties in Region 12. Effective programs for youth offer young people the chance to: build skills, exercise leadership, form positive relationships with caring adults, help their communities, stay in school, encourage post-secondary education, increase their motivation and self-esteem, and increase their knowledge about career, training and employment options.

The WCF Youth Committee is seeking program designs that meet the requirements of the Workforce Investment Act, produce quality results and has a measurable impact on low-income, at-risk youth. The Committee is interested in program design activities that included:

- Linkages to academic and occupational learning;
- Employability/work maturity/life skills;
- Alternatives options for high school completion;
- Expose youth to labor market information;
- Opportunities to explore post-secondary education opportunities, preferably linked to STEM (Science, Technology, Engineering and Math) and regional industry growth; and
- Job placement and retention services.

Eligible youth must be between the ages of 16-21, **low-income and have a documented barrier** under WIA legislation. All youth served through the WIA program must be determined eligible. See Attachment I for income guidelines.

Youth must be determined low income and have at least one (1) of the following barriers: (Any barrier must be documented in the youth participant's file).

- 1) Deficient in basic literacy/numeracy skills – performing below an 8.9 grade equivalent as demonstrated by TABE;

- 2) School dropout;
- 3) Homeless, runaway, or foster youth;
- 4) Pregnant or parenting teen;
- 5) Offender;
- 6) An individual who requires additional assistance to complete an educational program, or to secure and hold employment.

Region 12 defines “requires additional assistance” as:

- Youth who have a disability;
- Youth who is a grade behind their peers;
- Youth who is enrolled in an ESOL program or services;
- Youth who is or is a family member considered to be a Migrant Seasonal Farmworker.

WCF is especially interested in youth program services that provide skills enhancement and links to training for occupations in high demand. WCF’s Targeted Occupations listing is available and can be accessed through WCF’s website at www.workforceflorida.com. WCF is especially interested in programs that document involvement and engagement of private sector businesses. Additionally, programs that provide entrepreneurial skills training to older youth are encouraged.

As part of the proposed program design, WCF requires the provision of work experience or paid internships as part of the service delivery plan. Work experience should be at least 20 hours or more of employment per week with a not-for-profit, private or public employer. The intent of work experiences is to provide youth with opportunities for career exploration and skill development and to enhance their work readiness skills in preparation for employment.

Providers will be responsible for:

- recruiting not-for-profit, private or public employers in collaboration with WCF;
- determining suitability of the worksite;
- completing worksite agreements with the employers;
- assigning appropriate youth to the worksites;
- training worksite supervisors and offering technical assistance;
- visiting worksites for the purpose of monitoring the youth’s progress, collecting evaluations and time sheets; and
- reconciling the information on the time sheets, and processing payroll and delivering checks or wages to youth.

It is WCF’s expectation that host employers will be selected based on the interest and abilities of the youth participants. All host employers must be bonafide places of business and registered in Florida SunBiz. All Child Labor Laws must be followed and the Contractor must document how worksite monitoring will be conducted to ensure compliance. Youth must be paid at least the Florida minimum wage for hours worked when wages are included in the training. The worksite employer must have other paid employees to qualify for a subsidized youth. Time, attendance and an evaluation of the

youth's work habits must be kept by the worksite employer and documented in the youth case folder. Work experience activities will be heavily monitored by WCF.

Required WIA Program Elements

In compliance with federal program guidelines, the WIA youth program design requires the following program elements:

- a) Provide an objective assessment of the academic levels, skill levels, and service needs of each participant;
- b) Develop service strategies for each participant that shall identify an employment goal;
- c) Provide preparation for post-secondary educational opportunities, in appropriate cases;
- d) Establish strong linkages between academic and occupational learning;
- e) Prepare youth for unsubsidized employment opportunities, in appropriate cases; and
- f) Develop effective connections the job market and local/regional employers.

Targeted activities to meet these elements include (WIA Sec. 129. Use of Funds for Youth Activities, (c) Local Elements and Requirements):

- a) Tutoring, study skills, and instruction leading to secondary school completion, including dropout prevention strategies;
- b) Alternative secondary school offerings;
- c) Summer employment opportunities directly linked to academic and occupational learning;
- d) Unpaid work experiences, including internships and job shadowing;
- e) Occupational skills training;
- f) Leadership development opportunities, which may include such activities as positive social behavior and soft skills, decision-making, team work, and other similar activities;
- g) Supportive services;
- h) Adult mentoring for a duration of at least 12 months;
- i) Follow-up services for one year after termination from the program
- j) Comprehensive guidance and counseling, including drug and alcohol abuse counseling, as well as referrals to counseling; and
- k) Other supportive services necessary to remove barriers to participation.

All targeted activities above must be available to eligible youth whether they are provided directly by the provider or if the provider has a referral agreement with other entities to provide the activities. Program designs for both in-school youth (ISY) and out-of-school youth (OSY) should address the required program elements and the targeted activities described on pages 7-9 of this RFP.

The emphasis for in-school youth activities must be on high school diploma/GED attainment, increasing basic skills in reading and math, career/vocational exploration, and attainment of pre-employment/work maturity skills competencies, and transition to post-secondary education, advanced training, military or employment. WCF is

interested in programs that offer a post-secondary component to incoming juniors in high school that could be considered a stipend-based activity. Proposers interested in providing this component should discuss how this activity and its learning objectives will be implemented.

The activities of the OSY program should be linked with the region's career center system. Training programs that are innovative, non-traditional and offer a "hands-on" approach are encouraged. Entrepreneurial skills training opportunities are encouraged. The emphasis for out-of-school youth must be on acquiring work maturity skills, high school diploma/GED attainment, attainment of state/federally recognized credential(s), and placement in post-secondary education or advanced training/occupational skills, and employment (including military).

Every youth will not require all of the ten (10) youth elements. Proposers have the discretion to determine what specific program services will be provided to each youth based on the youth's objective assessments and individual service strategies. However, WCF requires that all services outlined in WIA must be made available/accessible to all program participants, whether by referral or direct provision. Proposer must discuss these elements in the Scope of Work.

Program Performance Goals

WCF is held accountable by its Board of Directors and the state Department of Economic Opportunity for achieving program performance for all its workforce programs. The following programs should be considered when responding to this solicitation:

1. 100% of all contracted enrollment of youth will be completed, accurately and timely, and entered in Employ Florida Marketplace April 10, 2014 for out-of-school youth. If a provider has less than 50% of its enrollment, WCF may elect to deobligate 50% of the initial contract award.
2. A minimum of 90% of all younger youth ages 16-18 who are initially assessed as basic skills deficient will increase their individual basic skills level in reading/math within 12 months of the goal set date as documented by academic assessment pre-test and post-test, and will attain a related basic skills goal. Performance will be validated through Employ Florida Marketplace.
3. A minimum of 90% of all goals set for WIA defined younger youth ages 16-18 will be successfully attained. Performance will be validated through Employ Florida Marketplace.
4. A minimum of 90% of all younger youth 16-18 who complete the contractor's program will be attain a high school diploma or GED, and be placed and retained

in postsecondary education, advanced training, military, employment, or apprenticeship.

5. A minimum of 90% of all older youth 19-21 who complete the contractor's program will attain a high school diploma/GED, obtained state/federal recognized credential and enter into employment, military, post-secondary education, apprenticeship, or advanced training/occupational skills training.
6. Of the older youth 19-21 who are terminated from the contractors' program and who enter employment, at least 65% will earn a minimum of \$.50 above the Florida minimum wage.

For for-profit proposers: A performance-based holdback will be designed to address the required performance. Holdback may be earned based on performance and invoiced on a quarterly basis.

For non-profit proposers: WCF reserves the right to retain 5% of an organization's overhead costs and reimburse that amount based on required performance at the end of the contract period.

WCF has the responsibility of ensuring that contracted costs are allowable, reasonable and necessary. All costs associated with the proposal must be clearly detailed and must be completed by cost categories. When preparing your budget, please be sure to include only those costs that are necessary, allowable, and reasonable, consistent with Federal OMB circulars A-21 for Institutions of Higher Education, OMB A-87 for State and Local Governments, OMB A-122 for Non-Profits and 48-CFR Part 31 for Commercial Organization.

For each line item in your budget, provide an explanation of what is included in the cost. WCF will consider proposals that include subcontracts with other entities. The activities that are to be provided by the entity must be outlined in the proposer's budget as well as a separate detailed line-item budget using the form shown in **ATTACHMENT D**.

Budget Item: Itemize each cost according to the provided chart of account line items that best describes your costs. Proposers may not have an entry for every corresponding chart of account line item listed. Proposers must have an approved indirect cost rate plan approved by a federal cognizant agency in order to use indirect costs.

EVALUATION CRITERIA, RATING SYSTEM, & ACCEPTANCE/CONTRACT AWARD

A. REVIEW BY RFP RATING/REVIEW TEAM

WCF's Youth Committee Chair will appoint an RFP Review Team comprised of designated Board staff, Board members, and/or Board Youth Council members. This Review Team will then individually review proposals that have successfully passed the initial technical/responsiveness review and rate each one separately according to the rating scale included in this RFP. Proposals will be evaluated and ranked based on the quality of the activities and services being proposed. (Refer to **ATTACHMENT I** for the Rating Sheet to be utilized by the rating team).

As soon as all parties on the review team have had an opportunity to complete this primary review, a meeting of the Review Team will be held in order to complete rating evaluations. At this meeting, each rating criteria will be discussed and the scores of each reviewer will be tabulated for a total score by category. The Review Team will review and discuss their evaluations of all proposals, combine the individual scores and arrive at a composite technical score for each proposal. Overall scores will be compared and ranked. More than one proposer may be selected in response to this RFP solicitation. The Review Committee will make a recommendation to the WCF Executive Committee and WCF Board of Directors for the final decision on proposals.

B. PROPOSAL ACCEPTANCE/CONTRACT AWARD

Proposers must read the General Provisions and Assurances included in this RFP. If you are unable to comply with these requirements and/or are unable to attest to, submit the required certifications upon request, or complete the forms/signature portions of attachments indicated in the RFP, please do not submit a proposal.

The following conditions are applicable to all proposals:

- a. WCF reserves the right to reject any and all proposals, in whole or in part, and to accept any proposal that is deemed most favorable to WCF at the time and under the conditions stipulated in this RFP.
- b. Non-conforming proposals will be considered non-responsive and are subject to return without review; however, WCF reserves the right to waive informalities and minor irregularities in the proposals received.
- c. WCF reserves the right to request additional information from proposers for clarification, or to allow corrections of errors or omissions, if in the best interest of the Board.
- d. All proposals are subject to negotiation by Workforce Central Florida.
- e. Workforce Central Florida reserves the right to retain all proposals submitted and to use any ideas in a proposal regardless of whether that proposal is selected. Submission of a proposal indicates acceptance by the firm of the conditions contained in this request for proposals, unless clearly and specifically noted in the proposal submitted and confirmed in the contract between WCF and the proposer selected.

- f. All costs incurred in the preparation of a proposal responding to this RFP will be the responsibility of the Proposer and will not be reimbursed by WCF.
- g. This request for proposals does not obligate WCF to award a contract.

More than one (1) proposer may be selected for negotiations in response to services solicited under this RFP. A contract will be negotiated with the highest ranked proposer(s), and if negotiations are successful, proposer(s) will be recommended to WCF for award. In the event negotiations are not successful, negotiations with Proposer(s) will be terminated and negotiations begun with the next ranked proposer(s) and so forth until negotiations are successfully completed to the satisfaction of WCF or until all acceptable proposals have been rejected.

WCF may award a contract based on initial proposals received, without negotiation of such proposals. Therefore, each initial proposal should be submitted on the most favorable price and technical terms. WCF reserves the right to request additional information, oral discussion or presentation in support of written proposals.

If an award is made, the contract will be a performance based and/or cost-reimbursement contract. Services will be implemented only upon notification from WCF. Payment for services rendered will be made only when costs have been incurred and documentation of all costs are received and verified.

C. APPEAL PROCESS

All proposers have the right to appeal the process. Parties wishing to protest a contract award may submit their objections in writing within 3 business days after the date of the notification of intent to award to another proposer to the President/ CEO of Workforce Central Florida. The WCF President/CEO will review the appeal and respond within 10 days after receipt of the letter from the aggrieved proposer. Failure to file a protest within 3 business days after the date of notification of intent to award the contract will constitute a waiver of the proposer's right to appeal.

Proposers not selected for award may request a meeting to discuss their proposal and receive technical feedback from WCF staff. A written request for a debriefing may be submitted to the President/CEO who will designate staff to conduct the review within 30 days of such request.

D. NOTIFICATION OF AWARD

Contract negotiations will begin on or around June 21, 2013 and the project may commence upon the successful execution of a contract, but no later than July 1, 2013. Under a cost reimbursement and performance-based contract, the contractor will be reimbursed a portion of the costs and a portion of the costs will be paid only upon attainment of performance goals. For resulting contracts, 90% will be cost-reimbursement for program expenses and 10% will be performance-based effecting administrative expenses to total 100% of the amount requested. Any awarded contract will conform to the terms required by the Workforce Investment Act of 1998, Workforce Florida, Inc., Department of Economic Opportunity, and the local Board. Payment for services rendered will be made only when costs have been incurred and acceptable documentation of all costs will be required.
