

Course Description:

Tech Sassy Girlz is designed to provide girls exposure and access to STEM fields and careers and to increase the pipeline of underrepresented girls in STEM related fields.

Tech Sassy Girlz is designed to provide girls with exposure and access to STEM fields through college preparation, career readiness, events, mentoring, and hands-on learning experiences.

Students connect with women leaders in STEM-related fields, participate in workshops and STEM industry tours, network with industry professionals, and intern with technology companies.
