

New Career Opportunities Closer to Home for Residents of East Orlando

New community hub at Valencia College East Campus opens access to career coaching, training, and employment opportunities.

ORLANDO, Fla. (Nov. 19, 2025) – CareerSource Central Florida (CSCF), the region’s leader in workforce solutions and innovations, in partnership with Valencia College and the East Orlando Chamber of Commerce, hosted a ribbon cutting ceremony to celebrate the grand opening of its newest community hub at Valencia College East Campus. The new location provides a convenient and welcoming space where Central Florida residents can access career coaching, training, and employment opportunities.

The community hub at Valencia College East Campus is part of CSCF’s strategy to establish a network of community-based locations across Central Florida, bringing workforce services directly into neighborhoods where people live, learn, and work. Through this partnership with Valencia College, students and residents can connect with one-on-one career coaching, job readiness support, resume assistance, and access to training and certification programs.

“We’re excited to collaborate with Valencia College to make career services even more accessible for students and residents across Central Florida,” said Pamela Nabors, President & CEO of CareerSource Central Florida. “Expanding our network of community hubs across the five-county region is a key priority—so every customer, no matter their location or stage in their career journey, can easily access meaningful employment, training, and advancement opportunities.”

CareerSource Central Florida’s community hubs model is designed to meet career seekers where they are.
