

MEET DANIEL

“The Level Up Orange program by CareerSource Central Florida has opened up doors and given me the access to start a successful career.”

Community connections are essential to finding new opportunities and building relationships that count, especially for Daniel.

Daniel was referred to CareerSource Central Florida (CSCF) by a friend who completed Robotics Technician Training through the CSCF Level Up Orange Program and inspired him to pursue a new career that he loves. After connecting with CSCF, the Level Up Orange team provided Daniel with Career Edge, a learning platform for skills assessments and job search opportunities, and gave him the guidance he needed on his career exploration journey.

Daniel utilized these resources and enrolled in a Welding Technology Training course. Daniel was soon hired as a Welder 1 at Revgroup earning \$20 dollars an hour.

MEET ARIEL

“I thank CareerSource Central Florida and the Level Up Orange Team for all the support through my career path.”

CareerSource Central Florida (CSCF) has been with Ariel every step of the way through his career journey.

After a few bumps in the road finding the motivation to get started, he completed the Residential Maintenance technician training through the Level Up Orange program. His CSCF Career Consultant checked in on Ariel and offered support and encouragement throughout.

He successfully completed the certificate program and found employment with Cortland Apartments as a maintenance technician earning \$20 per hour. He credits his career consultant, CSCF, and the Level Up Orange program with sticking by him and helping him change his life.

MEET DIONNE

“The support and guidance from the Level Up Orange program has made a significant impact on my life and career journey.”

CareerSource Central Florida (CSCF) gave Dionne the resources and confidence to pursue her career goals.

Dionne faced challenges in advancing her career due to a lack of education. She then discovered CSCF’s Level Up Orange Program and found the hope she was looking for. The Level Up Orange team gave Dionne the opportunity to achieve her education goals and supported her throughout her journey. Through the program, she obtained certificates in Web Development and Computer Programming from Valencia Community College.

Dionne is excited to continue her education by pursuing an A.S. degree in Computer Programming and Analysis.

MEET BRANDON

“I am a father of a two-year-old son, so it inspires me to jump into something that he’ll grow up watching me do.”

Brandon has never been one to shy away from a challenge, but now he has even more reason to forge a successful path.

Brandon enrolled in Valencia’s Welding Technology course with funding assistance from CareerSource Central Florida’s Level Up Orange program. Despite having limited experience in the field, Brandon successfully completed the 28-week program and is grateful for how far he has come in his career journey.

Brandon started a new career at Mitsubishi Hitachi Power Systems Americas making \$22.00/hour. He is passionate about sharing his welding knowledge with his son in the future.

MEET AYSHIRA

Ayshira is a shining example of the positive effects of driving resiliency and determination.

Ayshira, previously a Certified Nursing Assistant, aspired to gain employment within the Healthcare industry as a Licensed Practical Nurse. She entered CareerSource Central Florida's Level Up Orange Program, who helped her enroll into training services to obtain her LPN License via SMTL School of Nursing.

Ayshira persevered through many challenges to successfully complete the LPN program. After completed her final exams, she graduated from SMTL School of Nursing.

Ayshira sat for her state board exam, passed her test, and is now employed with Orlando Senior Health Network at a rate of \$24.00 per hour.

MEET JENNIFER

“Every single person at CareerSource Central Florida went out of their way to make sure I was taken care of.”

U.S. Army Veteran Jennifer Miller served our country and is now re-writing a new success story for herself.

After finding herself out of work due to the pandemic, she contacted CareerSource Central Florida (CSCF). She was also interested in getting her CDL license and was excited that CSCF could pay for training for a new career to become a professional truck driver. CSCF supported her throughout her new career journey - from registration, enrollment, and resume assistance to aiding in her employment search.

Within a short time, she successfully completed the program, passed her CDL license test, and received a job offer from Swift Transportation making \$17.00 per hour.
